

# Import one of the tables

---

1. Print this one: [http://www.dol.gov/olms/regs/compliance/cba/Cba\\_CaCn.htm](http://www.dol.gov/olms/regs/compliance/cba/Cba_CaCn.htm)"
2. Load the html with fromstring. This gives us more power, as you'll see later.
3. Traverse the table.
