Review

Done

1. Download the page.

2. Select the table.

3. Select the table rows from the table.

4. Select the table cells from the table row.

5. Print the table cells.

To do

1. Save the data instead of printing them.

2. Clean up the data before saving them.

3. Run on all of the tables.

4. Do something with the pdfs?
